Date: 2026-06-23

Confirm/adjust the **[PLACEHOLDER]** commitment values to those you can guarantee before submission.

1. Scope

This SLA covers the E-Numerak PEPPOL Access Point / Service Provider platform: invoice creation, validation, AS4 send & receive, MLS handling, and AE Tax Data Document (TDD) reporting to the Tax Authority.

2. Availability

Metric	Commitment
Platform uptime	[PLACEHOLDER — e.g. 99.5% monthly]
Measurement	Based on /health/ availability, excluding planned maintenance
Planned maintenance	Notified [e.g. 48h] in advance; low-traffic windows

3. Performance targets

Operation	Target
Invoice validation (PINT-AE)	[e.g. < 5 s]
AS4 send (outbound delivery attempt)	[e.g. < 30 s]
AS4 receive acknowledgement (Receipt)	Real-time on receipt
MLS / TDD generation	[e.g. within minutes of reception]

4. Support response (per Operational Support Plan)

Severity	Response	Resolution target
P1 — Critical (service down)	[e.g. 1 hour]	[e.g. 4 hours]
P2 — High	[e.g. 4 hours]	[e.g. 1 business day]
P3 — Normal	[e.g. 1 business day]	[e.g. 3 business days]

5. Data protection & retention

- Invoice data and audit logs retained per UAE regulatory requirements (**[PLACEHOLDER — e.g. 5 years per FTA]**).
- Backups maintained per the Disaster Recovery & Backup Plan.
- Security controls per the Security & Encryption Policy.

6. Security & compliance

- Message-level signing (RSA-SHA256) + encryption (AES-128-GCM / RSA-OAEP).
- TLS on all public endpoints; certificate trust + revocation validation.
- Compliance with PEPPOL AS4 Profile v2.0 and UAE PINT-AE specifications.

7. Exclusions

Outages caused by: customer-side network/configuration, third-party PEPPOL infrastructure (SML/SMP/remote APs) outside our control, force majeure, or scheduled maintenance with prior notice.

8. Review

This SLA is reviewed **[PLACEHOLDER — e.g. annually]** or upon material change.
